68-82 A.C. Heater Cables

Cables include outer casing, inner cable with coiled ends and mounting brackets. 68-76 Defroster cables are driven by the LH side thumb wheel mechanism & connect to the diverter box. 68-76 Temperature cables are driven by the RH thumb wheel mechanism & connect to the selector box.

68 A.C. Defroster Cable	8848250	0.00
68 A.C. Temperature Cable	8848252	0.00
68-76 except A.C. Defroster Cable	8848254	0.00
68-76 except A.C. Temperature Cable	8848256	40.00
69-76 A.C. Temperature Cable	8848258	44.00
77-82 Temperature Cable	8848260	44.00
68-82 Control Cable Mounting 8 Piece Kit		mounts cable ends & cable casing to both the climate control assembly & to the A.C. or heater box. Does 1 car.
	8844128	3.00

A.C. Compressor

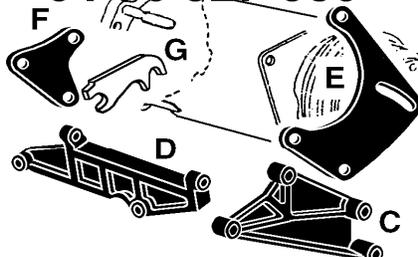

A 63-Early 76 Compressor, Clutch & 4 3/4" Pulley about 12" long. On some 72-74 Specify Superheat Switch
 Delco without Superheat Switch 9220050 249.50
 Replacement without Superheat Switch 9220514 239.50
 72-73 Delco with Superheat Switch 9220049 499.00
 72-73 Replacement with Superheat Switch 9220516 239.50
 63-76 Clutch Coil & Housing only 9220051 65.00

B Late 76-82 Compressor & Clutch approximately 8" long
 New Delco 9220052 304.00
 Rebuilt Delco 9220518 0.00
 Late 76-82 Clutch Coil & Housing only 9220053 75.00

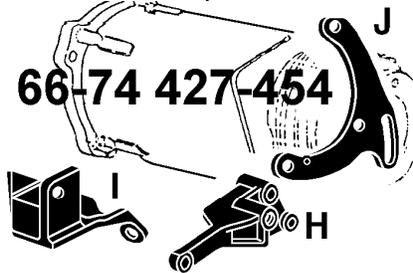

Compressor Mount Brackets

Compressor Mounting Kits

Include all the hardware required to mount both the A.C. compressor & the mounting brackets to the engine.
 Grade 8 hardware as required. **Does 1 car.**

Model	Pieces	
64-Early 76 NO Spacers	25 Pcs	9220512 25.00
64-69 250-300 HP with Spacers	27 Pcs	9220122 32.50
66-69 350-365 HP with Spacers	31 Pcs	9220124 35.95
70-Early 76 350 with Spacers	28 Pcs	9220126 37.00
66-67 427	35 Pcs	9220128 33.00
68-74 427 or 454	22 Pcs	9220130 32.00
Late 76-78 Non-Metric	21 Pcs	9920132 37.65
79-81 Metric	20 Pcs	9220134 39.90
82 Metric	20 Pcs	9220136 46.50

Early 76 uses a compressor about 12" long - **A** at top
 Late 76 compressor is about 8" long - **B** at top of page

76-82 350 Compressor Mount

K 76-82 NOS Lower Support to the exhaust manifold		
Requires the following Metric bolt	9220114	145.00
L 76-82 Metric Pivot Bolt must be used with the above mounting bracket	9220117	17.50
M 76-81 Front Lower Brace & Belt Guard mounts between the lower support & block	9220119	48.75
N 76-82 NOS Rear Adjustment Bracket mounts the upper rear compressor to block	9220115	79.50
O 76-82 Upper Brace mounts between the intake & the rear adjustment bracket.	9220120	16.50

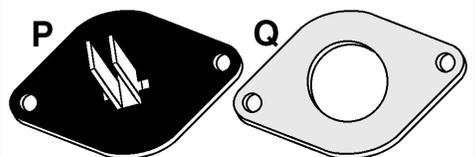

A.C. Compressor Switch

A.C. Selector Switches are electrical switches that turn the A.C. compressor on and off. They are mounted under the console A.C. heater control assembly.

69-76 A.C. Compressor Selector Switch		
This switch is activated when the A.C. heater thumb wheel is rotated to A.C. NOS	9220427	0.00
77-82 A.C. Compressor Selector Switch		
This switch is activated when the A.C. heater lever is moved to A.C. NOS	9220429	45.00

A.C. Compressor Cut-Off Switches turn off the A.C. compressor to prevent damage from low freon pressure or low temperature.

P 68-72 Compressor Thermal Cut-Off Switch		
mounts in evap case & turns off compressor if the temperature drops below 29 degrees Fahrenheit to protect the compressor shaft seal	9220416	Disc
Q 68-72 Cut-Off Switch Mounting Gasket		
Die cut tan fiber.	9220417	3.95
68-72 Cut Of Switch 2 Piece Mounting Kit indented hex washer head. Does 1 car.	8848180	2.20

R 73-77 **NOS** A.C. Compressor Cut-Off Switch screws into the Aluminum A.C. pipe on the RH inner fender skirt & senses low pressure in the freon liquid being returned to the evaporator. 9220418 29.95

S 77-79 A.C. Compressor Cut-Off Switch mounts to the evaporator case & includes an 11" long capillary tube that wraps around the evaporator outlet pipe to sense temperature. 9220423 38.80

T 80-82 A.C. Compressor Cut-Off Switch mounts in the dryer to prevent evaporator freeze up by sensing freon pressure when the A.C. compressor cycles on and off. 9220425 40.75
