**Frame Fuel Lines**

These are preformed lines, 5/16" (53-early 56) or 3/8" (late 56-up) dia. stainless steel tubing from the fuel tank to the fuel pump. Brass fittings and unions are included plus spiral armor protector as required. All can be shipped via U.P.S. Ask Jack Podell about when he saw one supplier bending lines at Carlisle around the trailer hitch. Precision Eh?
