- 75-82 Senders include the filler neck and mounting plate.
- 75-77 Gas Tank Sending Gauge *NOS* in the GM Box 3002206 395.00
- 75-77 Tank Sender Wiring Harness 2515326 33.00
- 78-81 Gas Tank Sending Gauge *Delco* 3002207 0.00
- 78-81 Gas Tank Sending Gauge *Import* 3002132 129.50
- 82 Gas Tank Sending Gauge *Delco* 3002208 675.00
- 82 Gas Tank Sending Gauge *Import* 3002134 249.50
- 75-82 Sender Mounting Screw with O-Ring Gasket
- 75-77 12 reqd
- 78-82 8 reqd 3002205 0.80
- C** 63-82 Sending Gauge Strainer
- Filters gas picked up by sender. 3001124 11.95
- D** 63-74 Sender Mounting Rubber Gasket
- Gas Resistant Nitrile Rubber. 3002114 3.50
- E** 63-74 Sender Gauge Retainer
- Zinc plated steel. 3002125 4.50

Gas Resistant Nitrile Rubber Sender Mounting Gasket

- F** 75-77 Sender Mounting Gasket 3002221 24.00
- G** 78-82 Sender Mounting Gasket 3002223 15.00

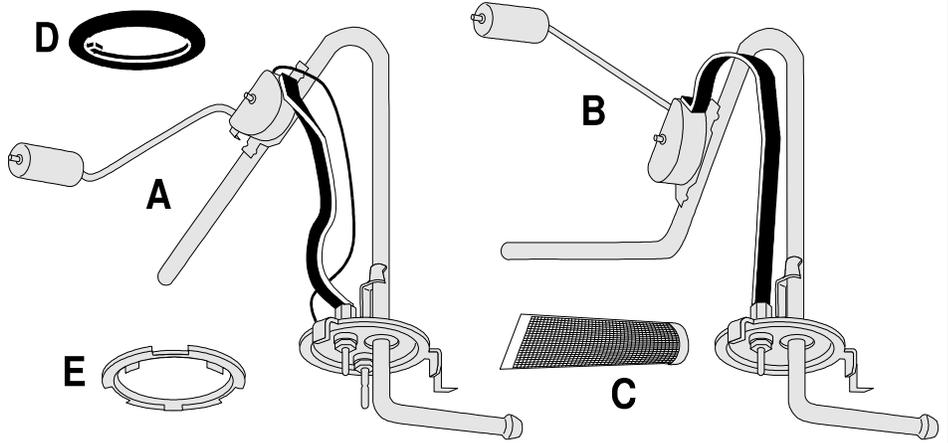

53-62 Filler & Overflow

- H** 57-62 Gas Tank Vent Hose and OEM Clamp
- Why settle for replacements? Our vent hose is proper gasoline resistant Nitrile Rubber with 1 Raised Rib as old GM & includes an OEM Spring Clamp. This long hose vents gasoline fumes to the filler door housing. It prevents vapor lock and build up of fumes beneath the gas tank cover. After 30 years it's time yours was replaced.* 3001105 8.95
- I** Vent Hose Grommet 9760110 3.50
- J** Vent Hose Clip and mounting Screw 3001108 4.00
- K** 56-62 Filler Pipe Hose (this is NOT the radiator hose replacement substituted by some) 3001107 11.50
- L** 56-62 Filler Hose Clamps OEM Slotted Band Style Pair These are NOT illustrated above 4166940 10.00
- M** 53-62 Filler Pipe Grommet 3001109 8.80

- N** 54-62 Filler Overflow Hose made from Gas resistant Nitrile Rubber with 4 Raised Ribs. Empties spilled fuel from the gas door housing. 3001110 5.00
- O** 54-62 Overflow Hose Nipple glue in bottom of filler door housing with epoxy cement *NOS* 3002110 5.50
- Repro* of above Nipple 3002130 4.00

63-82 Fuel Tank Overflow

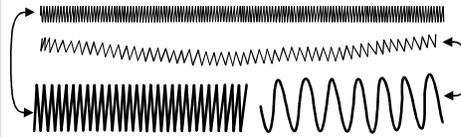

A 63-82 Fuel Neck Overflow Hose manufactured in INDIANA, not India. We manufactured this Thin Wall Hose, without any reinforcement from Gasoline Resistant Rubber, it even has 4 Raised Ribs on the surface. (TIP: when this hose gets clogged up, you often get water in the gas tank on 63-70 models) 3002111 5.95

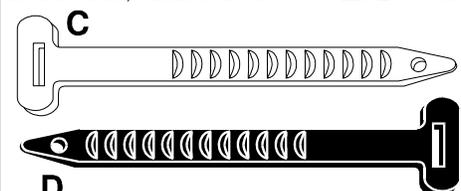

A+B 63-74 Neck Overflow Hose with Support Spring installed inside hose, *No muss, no fuss* 1294701 20.00

Installation Instructions for the DIY = Do-It-Yourselfers:
www.DocRebuild.com/dr-r-web/tip22.html

B 63-74 Overflow Hose Support Spring Manufactured in CT This spring is inserted INSIDE the lower end of the hose, to prevent it from collapsing as it bends sharply inside the end of the bumper. Use Silicone spray inside the hose & a dowel inside the spring to prevent it from bending as you insert the spring into the hose. *Please DO NOT confuse our part with the Brand X part that has half as many coils as required, and it is too fat to fit inside the hose. Maybe their spring will work on your screen doors ?* 1294594 6.95

- B** Dr. REBUILD Brand X
- C** 63-64 White Plastic Tie Strap Manufactured in Bpt, CT - not from China, Taiwan or Korea 2259201 3.00

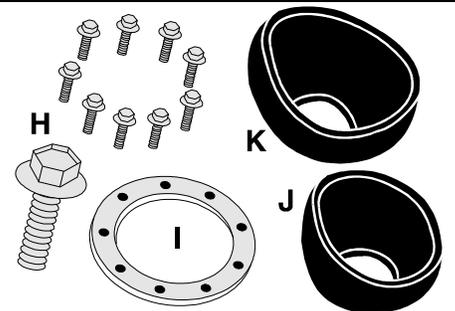

D 65-74 Black Plastic Tie Strap Manufactured in Bpt, CT - not China 65-69 1 reqd; 70-74 2 reqd 2259202 3.00

- E** 63-82 Seal Overflow Nipple mounts overflow hose to the filler neck seal *NOS* 3002110 5.50
- E** 63-82 Seal Overflow Nipple *Repro* 3002130 4.00
- F** 75-77 Overflow Hose Mounting Clamp 3002112 3.00
- G** 75-77 Clamp Mounting Screw 3002113 2.00

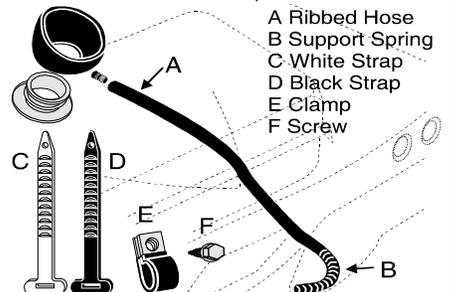

63-82 Fuel Tank Filler

- H** 63-74 Filler Neck Mtg Screw + integral washers 9 Piece St *NOS* 3002107 13.50 *Repro* 3001530 10.50
- I** 63-74 Filler Neck Cork Seal die cut cork with 9 mounting holes and 3 small notches. 3002104 4.00
- J** 63-67 Filler Neck Rubber Seal **USA** 3002109 35.75
- J** 63-67 Filler Neck Rubber Seal **China** 3002135 29.95
