Repro Shroud 1277225 320.00  
NOS Shroud 1277312 495.00

**Late 76-82 Fan Shroud Mount Kits**

**NOTE:** if ordering L76-82 fan shroud mounting brackets (part numbers 1277400 & 1277401) then use part number 1277156 fan shroud mounting kit for 79-82.

- Late 76-77 Shroud Mounting 6 Piece Kit  
With 2 indented hex head semi washer bolts, 2 U-nuts & special "S" clips. Does 1 car. 1277152 4.00
- 78 Shroud Mounting 6 Piece Kit  
With 2 indented hex head semi washer bolts, 2 U-nuts & special "S" clips. Does 1 car. 1277156 5.50
- 79-82 Shroud Mounting 4 Piece Kit  
Includes 2 indented hex head washer bolts & 2 special "S" clips. Does 1 car. 1277158 4.50

**Fan Shroud Extensions**

Extensions mount to the rear edge of the fan shroud filling the gap between the Shroud & the Fan Blades to aid cooling.

- O 66-67 327 A.C. Fan Shroud Extension**  
Authentic design match molded fiberglass smooth on both sides as factory. 1277229 77.00  
Extension Mounting 8 Piece Hardware Kit  
Includes 2 indented hex washer head bolts, 2 flat & 2 lock washers & 2 U-nuts to mount the extension to the shroud. Does 1 car. 1277339 3.50
- P 66-67 A.C. 427 & 68 427 Fan Extension**  
Authentic design match molded fiberglass smooth on both sides as factory. 1277129 78.50  
Extension 8 Piece Hardware Mounting Kit  
Includes 2 indented hex washer head bolts, 2 flat & 2 lock washers & 2 U-nuts to mount the extension to the shroud. Does 1 car. 1277339 3.50
- 68 327 A.C. Fan Shroud Extension**  
Authentic design match molded fiberglass, smooth on both sides as factory.  
68 Upper Extension 1277143 104.50  
Q 68 Lower Extension 1277136 104.50  
Extension Mounting 8 Piece Hardware Kit  
Includes 2 indented hex washer head bolts, 2 flat washers, 2 lock washers & 2 U-nuts required to mount the extension to the shroud. 2 kits reqd: one for the upper & one for the lower. 1277339 3.50
- R 69-73 350 A.C. Fan Shroud Extension**  
Match molded fiberglass smooth on both sides as factory. (Used with Fan Shroud # 1277140) 1277308 104.50  
3 Piece Mounting Kit Does 1 car. 1277455 2.65  
3 Piece T-Nut Set Does 1 car. 1277457 3.00
- 69-74 427 & 454 Fan Shroud Extensions**  
Match molded fiberglass smooth on both sides as factory.
- S 69-Early 73 Shroud Extension** (only use with Fan Shroud part # 1277141 see page 33) 1277450 74.50
- T Late 73-74 Shroud Extension** (only use with Fan Shroud part # 1277145 see page 33) 1277454 74.50  
3 Piece Mounting Kit Does 1 car. 1277455 2.65  
3 Piece T-Nut Set Does 1 car. 1277457 3.00
- U 73-75 350 with A.C. Shroud Extension**  
Match molded fiberglass smooth on both sides as factory. (Use with Fan Shroud # 1277145) 1277207 175.00  
6 Piece Mounting Kit Does 1 car. 1277307 3.85  
6 Piece T-Nut Set Does 1 car. 1277309 5.25

**Cool Idea**

Although extension were usually only used on models with Air Conditioning, they can be mounted to non-AC models to aid cooling.

**Extension Installation**

Installation of some these fan shroud extensions may require drilling 3/32" to 5/64" mounting holes in the fans shroud and, or extension with a small hand drill. The 66-68 extensions mount with 6 evenly spaced tabs along the front edge, in addition to screws and U-nuts. These tabs require that 6 slots be cut into the rear lip of the shroud. The location of these slots is indicated by V-grooves found on the surface of the shroud. A small Dremel tool with a cutting blade works best for cutting these 5/32" wide by 2" long slots. Consult the 66-68 Assembly Instruction Manuals for further information. A little care and patience are another requirement for mounting these 66-68 fan shroud extensions.
